

# Joint Application Flowchart for Work in the Special Flood Hazard Area

Step 1: Talk to your local Floodplain Administrator about the work you are proposing to do.

Access the Joint Application and a more detailed instructions by visiting:

<http://dnrc.mt.gov/divisions/water/operations/floodplain-management/permitting-and-regulations>,

or by reaching out to your local Floodplain Administrator.

Step 2: Reach out to every agency on the Joint Application checklist. Ask for documentation if permit not required by an agency for your specific project.

Step 3: Complete Joint Application to the Floodplain Administrator with all permits or statements of no permit required.
